

Match funding

Do you work for a company that offers match funding?

Match funding has the ability to increase the takings of school events many times over.

An increasing number of large companies operate a match funding scheme whereby they “match” charity fundraising undertaken by their employees. These organisations set aside millions of pounds to fund such schemes and are more than happy to support their staff in raising money for charities of their choice. The amounts donated range from approximately £250 to £1000+ per employee per event.

As the PTA is a registered charity we are in a position to benefit from your involvement, however big or small, at any fundraising school event. There are many ways you can participate to enable the school to benefit from matched funding. For example, one parent at a summer fair successfully claimed £350 match funding from her employer after helping on a stall for one hour.

We are keen to maximise our fundraising potential for our school, so if your company offers match funding, please get in touch with us on pta@neslearningzone.com
